

Lexi Shroll is the next up and coming country-pop singer-songwriter. Growing up, she listened to a variety of music, from Taylor Swift, Miranda Lambert to Corinne Bailey Rae and Sara Bareilles. These powerful women, many of whom are songwriters, inspired her to create music of her own and embrace the art of musical storytelling.

Since she started writing at sixteen, Lexi Shroll has seen much success. She won first place at NATS 2023 for her original song, won Best Song Writer for Beyond Entertainment Festival, nominated three years in a row for Best Song Writer International Christian Film Festival..and these are just a few of her accomplishments.

Her hometown roots shine through her writing. Growing up in Oviedo, Florida, home of the roosters, provided a lot of inspiration for her music. Lexi is currently working on releasing her debut EP and is excited to finally release music to the public.

Lexi has played for many types of events and is available for hire. She has done grand openings, special events, Christmas parties, ceremonies and private parties of various sizes. If you have questions of the types of music she can do or her availability please email her and she will be quick to get back.
